

Mathematics MCA-III Roster

Below are the Mathematics MCA-III results listed alphabetically by student. The student's overall score, achievement level, Learning Locator™, Quantile® Score, and strand results are reported. The Learning Locator provides personalized feedback and resources for each student when you enter their Learning Locator code at: <https://mn.pearsonperspective.com/perspective>. Note: Perspective will be available until December 31, 2022, after which the Learning Locator code will no longer be active. The Quantile Framework is a system that helps match students with materials appropriate for their ability in mathematical skills and concepts. Both a Quantile Score and Range are provided to help identify mathematics materials that can challenge students without overwhelming them. Please visit hub.lexile.com for more information about the Quantile tools.
