

Mathematics MCA-III Roster

Below are the Mathematics MCA-III results listed alphabetically by student. The student's overall score, achievement level, Quantile® Score, and strand results are reported. The Quantile Framework is a system that helps match students with materials appropriate for their ability in mathematical skills and concepts. Both a Quantile Score and Range are provided to help identify mathematics materials that can challenge students without overwhelming them. Please visit hub.lexile.com for more information about the Quantile tools.
