

Upcoming Pearson District Assessment Coordinator Trainings

Pearson will provide a variety of trainings for District Assessment Coordinators (DACs) and other interested district staff in preparation for the MCA & MTAS 2022 test administrations.

Video Trainings

Pearson will post video trainings to the [Training Management System](#) (TMS) throughout the year (under District Assessment Coordinator > Pearson Video Trainings OR Data and Reporting > Pearson Data and Reporting Trainings). These can be reviewed by new DACs as they provide additional details on the systems to supplement in-person trainings, and they can also be reviewed by experienced DACs as a refresher.
