

# Ordering Additional Test Materials

This guide provides information on ordering additional MCA paper accommodated and MTAS test materials in PearsonAccess Next.

## Ordering Additional Test Materials

An additional order must be placed by staff with a District Assessment Coordinator (DAC) or Assessment Administrator (AA) user role in PearsonAccess Next if additional test materials are needed for any of the following reasons:

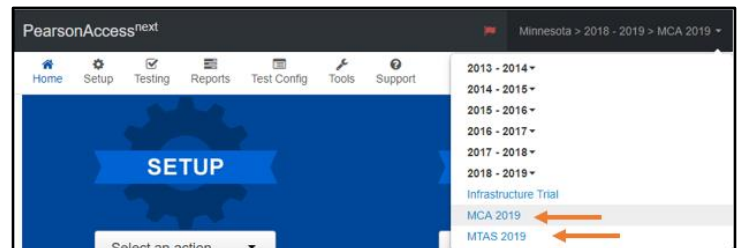

- Students have newly enrolled or there are changes in accommodations/linguistic supports or test assignments after Jan. 18.
- The district decided not to receive MTAS test materials in the initial test materials shipment (a decision made during Pretest Editing).
- Students require the MTAS Presentation Pages and Response Option Cards for reading in a symbol format.

Additional orders can be sent directly to a school.

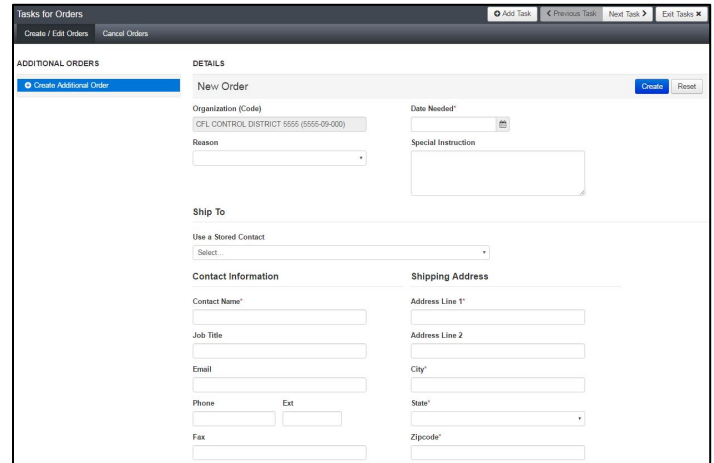

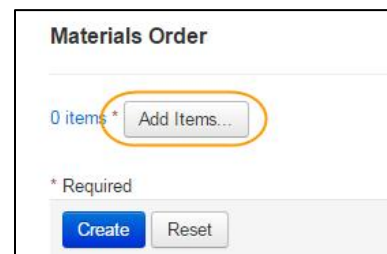

Allow time for an additional order to be delivered before test administration. Additional test materials can be ordered until **noon** on the Wednesday before the last day of the testing window so that test materials will arrive in time for test administration.
