[2] While MDE strives to ensure these dates remain unaltered, they are subject to change based on extenuating circumstances.

[3] Data/reports are available at 8 a.m. in MDE and service provider systems on the dates listed for all MDE and service provider results releases.

[4] WIDA Alternate ACCESS will not be included in accountability for 2023–24. The Progress Toward English Language Proficiency accountability indicator requires two years of scores to determine their growth. Last year's scores are not based on the standards assessed by the new assessment; therefore, last year's scores cannot be used to assess progress.
