

Science Alternate MCA

Student Readiness Tool

Presentation Pages

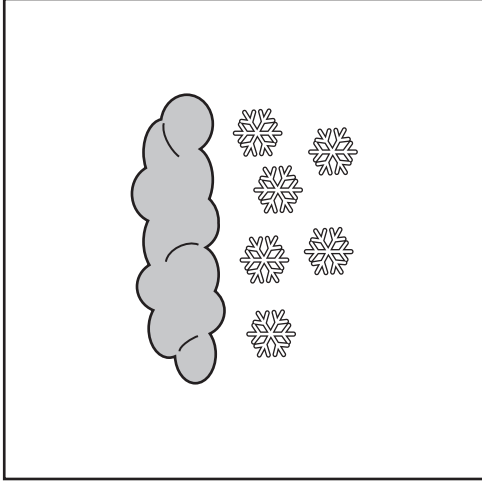

This book includes items for Science Tasks 1–2. All phenomena associated with these items are located in the Phenomena Book and/or online.

Both the Phenomena Book and the Presentation Pages associated with Tasks 1–2 should be visible to the student if testing with paper test materials. They are also available if deciding to use paper test materials to support a student testing online in a hybrid administration.

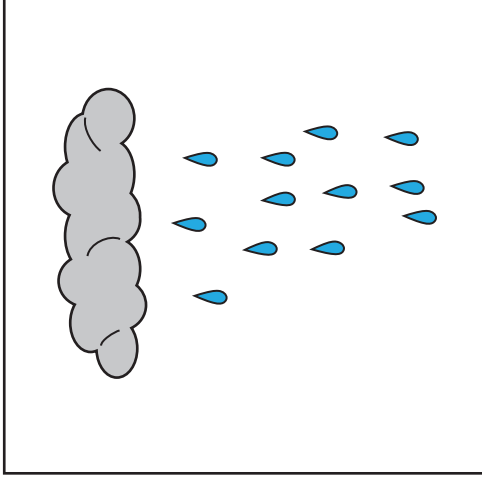

S5_1

What picture shows rain?

A.

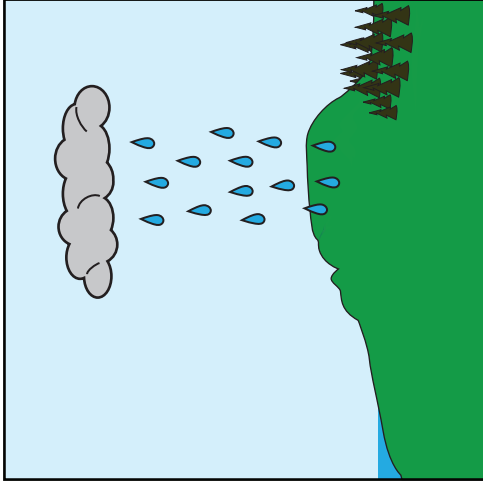

B.

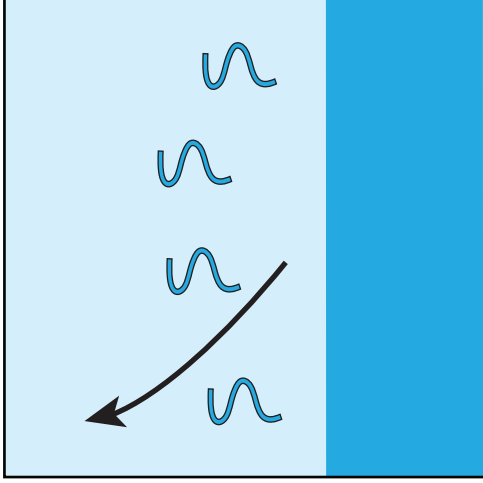

S5_2

What picture shows evaporation in the water cycle?

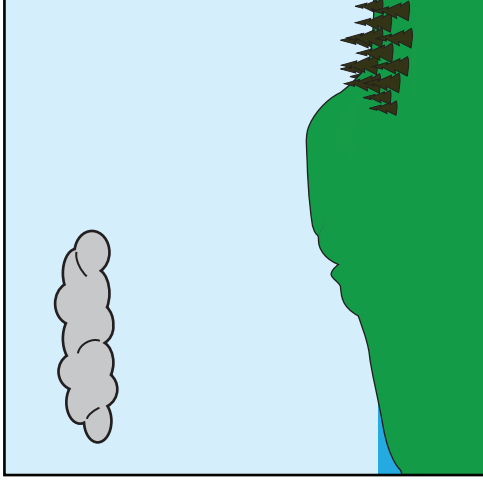

A.
